

Support Group Evaluation Form

Group work can be underpinned by forms that act as interventions themselves or capture the work for evaluation during or after its performance:

Use the following form to capture individual experiences of the groups' performance.

Ask each member of the group to complete the following:

What did you like most about the group?

What did you like least about the group?

How do you rate the group overall? (0 - had no value to 10 - incredibly valuable)

0	1	2	3	4	5	6	7	8	9	10

How much of a difference has this group made to your life? (0 - none at all to 10 - a great deal.)

0	1	2	3	4	5	6	7	8	9	10

Have you used the skills you have learned in the group? (0 – not at all to 10 – a great deal.)

0	1	2	3	4	5	6	7	8	9	10

Did you feel safe raising points or asking questions? (0 – not at all to 10 – a great deal.)

Is there anything else you would like to add?
